AerCap is pleased to announce that we currently have a Technical Graduate vacancy within our Technical EMEA team, based in Dublin.

Sound exciting? We think so!

## **JOB SUMMARY**

The Technical Department is responsible for the asset management of AerCap's global aircraft fleet. This includes drafting and negotiating technical lease provisions, transferring aircraft and their records, and managing aircraft repossessions. The department also works to preserve the residual value of AerCap's aircraft, forecasts maintenance events to assess their impact on aircraft value, manages asset disposition, determines optimal lease extension periods, and identifies opportunities for cost savings and cost avoidance.

Internally, the team collaborates closely with Deal Teams, Leasing, Legal (both Leasing and Corporate), Contracts, Portfolio Management, and Credit Risk. Externally, it engages with airline customers and Original Equipment Manufacturers (OEMs).

## **ESSENTIAL FUNCTIONS OF THE JOB**

- Assist with the monitoring and management of technical provisions of aircraft and engine lease agreements.
- Assist with the management of maintenance reserves.
- Assist with the evaluation and processing of maintenance reserve claims.
- Assist with the processing of maintenance reserve rate adjustments and maintenance reserve fund reconciliations.
- Support aircraft delivery and redelivery processes, including record transfers.
- Collaborate with internal teams such as Deal Teams, Leasing, Legal, and Portfolio Management.
- Engage with external stakeholders, including airline customers and Original Equipment Manufacturers (OEMs). Ensure relevant processes, a regular operating rhythm, and data reporting quality/accuracy within the Powerplant team.

## JOB REQUIREMENTS, QUALIFICATIONS & COMPETENCIES

### Educational/Experience

- A recent graduate with a degree in Aeronautical/Aerospace Engineering, Aviation Management, or a related technical field.
- Prior relevant work experience is not required, but any related internship or work placement experience is desirable.

### Technical/Functional Experience

- Technical knowledge of aircraft/engines.
- Demonstrated analytical and problem-solving skills.
- Excellent organizational skills with the ability to work to deadlines and multitask.
- Strong computer skills - MS Office, Word, Excel, Power Point, Outlook.
- Good communication skills - written and verbal.

## OUR VALUES

### AMBITION

Ambition to us means winning together. We believe it takes bold people to help us shape the future of aviation. At AerCap, ambition means defying our own limits, breaking new ground, and setting higher standards for our business.

### EXCELLENCE

We believe in striving for nothing short of greatness. For us, excellence means redefining what is possible, and to constantly work towards outstanding solutions for our customers with unwavering commitment and collaboration.

### RESPECT

We believe in fostering an environment where everyone is welcomed, supported and valued. Respect means treating our people with dignity and honouring their individuality. We strive to create an environment where our people feel included and empowered to do their best work and reach their full potential.

## LIFE AT AERCAP/WHAT WE OFFER

- We offer attractive employment packages with a competitive salary and excellent benefits, including generous annual leave policies, health insurance for our employees and immediate dependents, pension/retirement savings plans and an all-employee share scheme.
- You will have the opportunity to learn from the best people in the industry and grow your career with the largest aviation leasing company in the world.
- Our Corporate Social Responsibility (CSR) programs provide opportunities for our employees to inspire positive change in our global communities and to make a positive difference in the communities in which they live through volunteering, fund-raising and other charitable initiatives.
