

FACT SHEET

As of September 30, 2023

AerCap Materials is the premier global distributor of airframe and engine material for leading commercial aircraft and engine manufacturers. Founded in 1971 as The Memphis Group and brought into the AerCap family in 2021, we pride ourselves in delivering quality products and services to meet the needs of our customers. With over five decades of experience and an array of trusted and innovative solutions, AerCap Materials has the experience, expertise and solutions tailored to meet your supply chain requirements, around the clock and around the world.

Products & Services

- **Spares Distribution** - Provides high quality spare components for a wide range of airframe and engine platforms.
- **Dismantling** - Offering customers a tailored workscope, competitive pricing and accelerated turn time.
- **Financing** - Offering solutions allowing customers to profitably grow their business.
- **Acquisitions** - Actively pursuing aircraft and inventory purchases for various fleet types.
- **Rotable Leasing** - Individual components or larger pools with financial flexibility through short- or long- term lease.

Web Portal Access

Search AerCap Materials' inventory using our web portal. Browse inventory, view paperwork, or request a quote. Our extensive inventory is accessible from anywhere.
